

# RJS-TACT-D14-H

Tact Switch

On/off electronic tactile switch SMD that is only on when the button is pressed or if there is a definitive change in pressure.

Used for circuit board, the height for the switch has 2.5 and 3.1mm.

Type:	Snap-in	Operating force:	180/250±30gf
Operating Direction:	Top Push	Travel:	0.25mm
Operating Life:	Over 80,000 cycles	Initial contact resistance:	100mΩ max.
Stem color:	Silver	Operating Temperature:	-25°C~+105°C
Stem height:	H=2.5/3.1mm	Series type:	SMD type
Rating (max.):	50mA 12V DC	Rating (min.):	10μA 1V DC
SPQ:	1,000pcs	OEM or ODM:	Available
