

RJS-TACT-D38

TACT SWITCH

On/off tack switch that is only on when the button is pressed or if there is a definitive change in pressure.

It was used for circuit board, the height for the switch is 7.3mm.

Type:	Snap-in	Operating force:	180/280±50gf
Operating Direction:	Top Push	Travel:	0.25mm
Operating Life:	Over 100,000 cycles	Initial contact resistance:	100mΩ max.
Stem color:	Black	Operating Temperature:	-25°C~+70°C
Stem height:	H=7.3mm	Series type:	Sharp feeling type
Rating (max.):	50mA 12V DC	Rating (min.):	10μA 1V DC
SPQ:	1,000pcs	OEM or ODM:	Available
